## STAHLTRUPPEN HEAVY INFANTRY

### ASSEMBLY GUIDE

Stahltruppen are the iron fist of the Axis, grinding forwards to crush all who stand before them.

These elite troopers, clad in the thickest infantry powered armour available and toting a wide array of powerful weaponry, are perfect for frontal assaults on even the most heavily defended enemy positions. When an Axis force needs truly heavy support, look no further than the Stahltruppen!

Follow this simple guide to build your Stahltruppen Heavy Infantry.

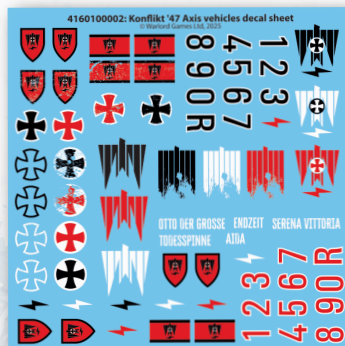

Carefully remove each component from the frame with clippers or a craft knife. Trim off excess plastic before assembling. Test fit all parts before applying glue.

We recommend using plastic glue to assemble the kit. Please follow all usage and safety advice given on the product.

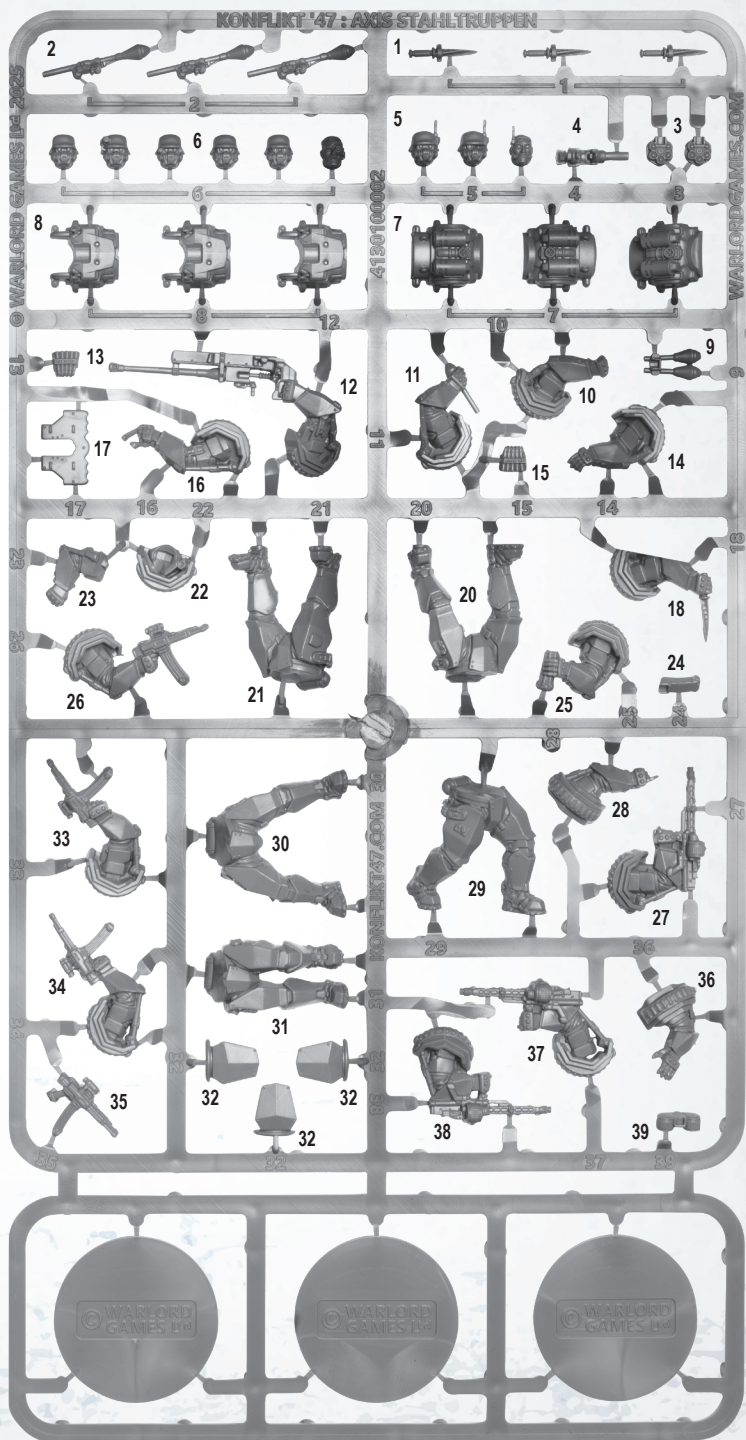

Keep tools, glues, paints, and small components away from children. Warlord Games recommends this kit for ages 14 and over.

## DECAL APPLICATION GUIDE

- Apply a coat of gloss varnish to the areas that will receive the decal and allow this to dry fully.
- Cut out a decal from the sheet and soak it in lukewarm water until it starts to separate from the backing paper - this could be around 1 - 2 minutes.
- Once the design has started to separate from the backing paper, use tweezers or a wet paintbrush to slide the design into place on the model.
- Use a tissue to dab away any excess water from the model and allow to dry.
- Apply a coat of matt varnish to seal the decal in place.
