ARMIES OF ITALY - FAQs

How does Avanti apply to units taken from other books if none of the entries say which Avanti they can take (ineligible)? The wording of Avanti on 21 is clear that each Avanti 'type' only applies where it's explicitly mentioned on the profile. Do all infantry and artillery from AoGB and AoUS in the Co-Belligerent list have access to all 4 Avanti options?

Infantry and artillery units taken from AoGB and AoUSA can take any Avanti option except for Camicie Nere.

Blackshirts - Milizia Volontaria & Conflicting Loyalties. By the wording of the rule, it seems you roll EVERY time they are shot at/attacked. Is that correct? Or is it only the first time like with the Green special rule?

Only the first time, like the Green special rule.

Does the Iron Hulls, Iron Heart rule apply to a FUBAR, meaning a re-roll should take place before consulting the FUBAR chart?

Yes, the rule allows you to re-roll a result of FUBAR.
